

Steroid Testing for Navy and Marine Corps

1. ALL specimens for steroid testing will be submitted to the Navy Drug Screening Lab, Great Lakes (NDSL GL):

Commanding Officer
Navy Drug Screening Laboratory
2500 Rogers St., Bldg. 5501
Great Lakes, IL 60088-2952

2. Submissions for steroid testing must meet the following requirements:

a. Submissions from Navy commands must receive prior authorization from Navy Personnel Command, Navy Alcohol and Drug Abuse Prevention (NADAP) Branch (N170):

Mr. Timothy Williams
Navy Personnel Command
OPNAV N170A, NADAP
Email: MILL_DTADMIN@navy.mil
Phone: 901-874-2458 (DSN: 882)
Fax: 901-874-4228 (DSN: 882)

b. Submissions from Marine Corps units do not require prior authorization.

c. In addition to utilizing the DD Form 2624, Specimen Chain of Custody Document, official correspondence requesting steroid testing must accompany the specimen(s). The request must include the command / unit point of contact (POC) with their name, email and commercial phone number.

d. A minimum of 60 milliliters (mL) of urine is required to perform the full steroid testing panel.

e. If the standard drug testing panel is requested in addition to the steroid test, the request must be included in the official correspondence accompanying the specimen and a minimum of 90 mL of urine is required. The standard drug testing panel will be performed by NDSL GL.

3. NDSL GL will forward the specimens to the Sports Medicine Research and Testing Lab (SMRTL) for testing. SMRTL is certified by the World Anti-Doping Agency (WADA) and conducts steroid testing for professional and amateur athletic organizations.

28 Dec 2016
